ADELAIDE MOTORSPORT FESTIVAL E-MOTION ZONE + AEVA INNOVATION AND MOTORSPORT SYMPOSIUM

The Adelaide Motorsport Festival celebrates all forms of motoring and motorsport, with an estimated 10,000 people attending on each day. At the 2023 edition, held in Victoria Park on March 25 and 26, the Adelaide Motorsport Festival E-Motion Zone brings together the latest electric and hybrid vehicles, autonomous technology, electric race and rally cars, electric bicycles, scooters and motorbikes, a solar and battery technology showcase and so much more, right in the heart of the event in Victoria Park, adjacent to Adelaide CBD. [Click below or here for the event overview.](#)

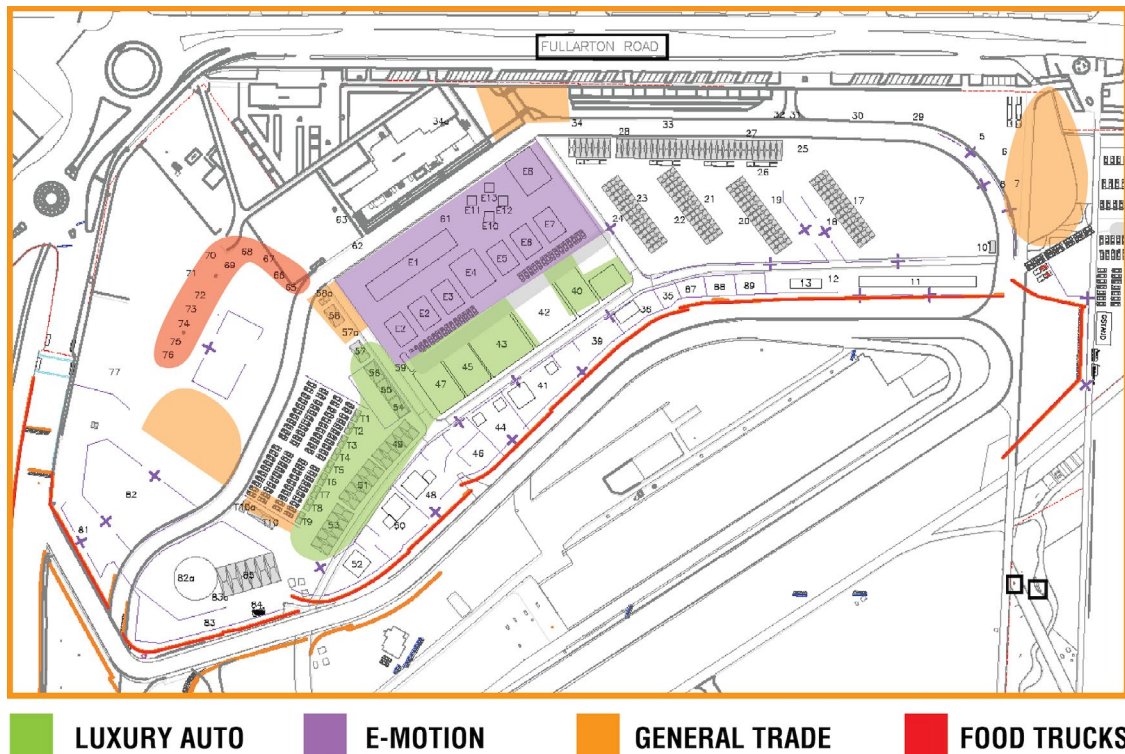

Exhibitors are invited to show examples of the below products/services in the Adelaide Motorsport Festival E-Motion Zone, where all forms of electric mobility will be showcased. Site costs are subsidised and range from \$0 to \$1500.

- Automotive brands
- Batteries
- Cabling and connectors
- Charging
- Consultancy
- Drivetrain and powertrain
- Power
- Software
- Technology
- And much more

Exhibitors will have the opportunity to be part of on-track demonstrations, off-track displays, livestream interview opportunities, presentations and so much more, in a prime spot at the event within the Adelaide Motorsport Festival E-Motion Zone.
