

ELECTRIFY YOUR JOURNEY

ABOUT US

EV PowerHouse is a proudly Australian-founded brand, established in 2021 and operated right in the heart of Sydney. The development of EV Powerhouse is fuelled by both a fixation on the evolution of mobility and an increasingly intense love of the environment. Our mission is to enable our clients the freedom to move in a convenient, Eco-friendly, sustainable, and safe manner.

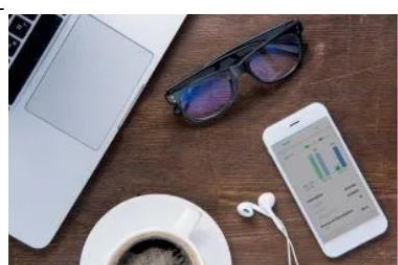

OUR PURPOSE

At EV PowerHouse we are in full support of electric-run vehicles and are one of the largest specialised supplier chains in Australia for EV chargers. Our vast range of high-end and quality products, including our portable, in-home, smart range, RFID and OCPP charging units, give clients the freedom, convenience, and accessibility to choose where and how they charge.

OUR SOLUTIONS

At EV PowerHouse, we cater to all needs – both big and small! We offer diverse EV charging solutions for Homes, Apartments, Businesses, Hotels, Airbnb's, Fleets, and more across Australia. Our trusted network of licensed electricians ensures seamless installation and support, empowering you to electrify your journey with confidence. With EV PowerHouse, you have the support of industry-leading experts every step of the way. Let us be your partner in electrification, shaping a cleaner and greener future for generations to come.

WE ARE A CLIMATE POSITIVE BRAND!

In an ever-changing world in which climate change is an eminent topic, EV Powerhouse can proudly say that we are a climate positive brand.

EV PowerHouse actively supports and donates to environmental charities and organisations. Joining forces with organisations including trace. not only allows us to keep track of our carbon emissions but also aids EV Powerhouse to become a carbon-neutral organisation. Something that we are determined to achieve!

OUR PARTNERS

VISITING EV POWERHOUSE

Our clients are also welcome to come in and visit us in our showroom. Our showroom is located in a multi-business hub, and provides a series of services to our clients including:

A conference room (in which clients can come in for a face-to-face chat with our team of experts about our products, large quantity orders, projects, and installation services).

Collection depot (where clients can come in to pick up a pre-placed order).

Free of charge ECO-BINS (to recycle unwanted charging units in a safe, Eco-friendly, and sustainable manner).

If you would like to come and visit us for a chat at our office and warehouse, please contact us via telephone or email (info@evpowerhouse.com.au) to arrange an appointment.

 Unit D1, 5-7 Hephher road, Campbelltown, NSW 2560.
